**BEGINNER**

Paula Staley

“Acadia Rocky Path”

1st

I feel that this image has good depth of field and good exposure. For me the image is too centered, vertically and horizontally. Try cropping more off the left side and crop down off the top.

# INTERMEDIATE

Jo Pate

“Great Grandma’s Table”

I like the exposure on this and the depth of field.

I feel that the composition is well done.

I like the way the track is leading me up into the image and the building keeps me from going all the way up out of the image. I feel that the depth of field helps keep me in the image as I want to explore what is there. The colors also get my attention and draw me in.
